

## Lubrilon School Bus Testimonials

---

October 29, 1985

In reference to your product Lubrilon, I would like to advise you that we are very satisfied with the product.

After completing my annual transportation report and analyzing my expenditures we managed to realize an 18% savings during the 1984-85 school year.

I would also like to mention that one of our buses lost all of its water coming in from Gregory-Portland (about 35 miles and over the high harbor bridge), and apparently the Lubrilon protection prevented any damage to the engine which could of been a costly repair. Again, I would like to thank you for your services and I would not hesitate to recommend your product.

Sincerely,

Jose Cantu, Business Manager  
West Oso Independent School District
